PRACTICAL #4: MUSCLES (F) SHOULDER REGION

Practical #5th: CUBITAL FOSSA

BOUNDARIES:-

- Floor:- Supinator Muscle (Laterally)
Brachialis Muscle (Medially)
- Roof: Skin & Fascia, Reinforced by Bicipital Aponeurosis
- Base: Imaginary line between two Epicondyles of humerus
- Laterally: Brachio-radialis Muscle
- Medially: Pronator teres

CONTENT:

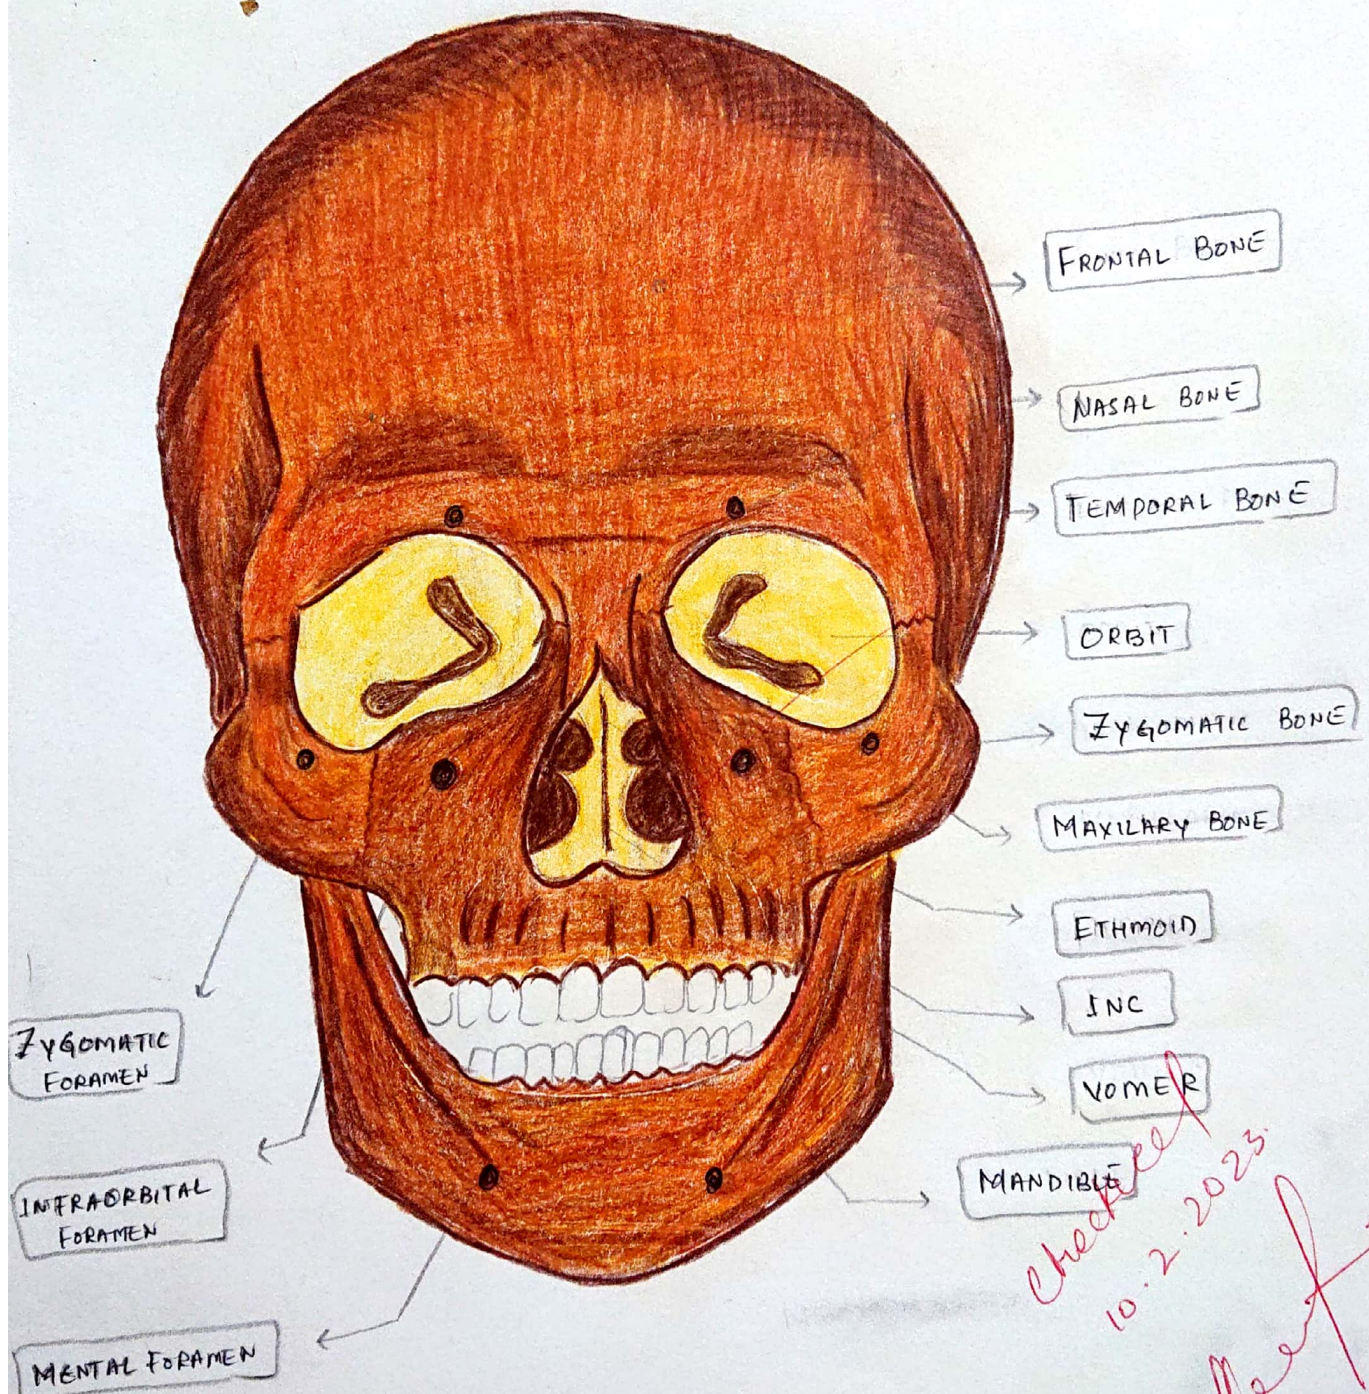

Lateral → medial

- 1- Radial Nerve
- 2- Bicep Muscle Tendon
- 3- Bifurcation of Brachial Artery
- 4- Medial Nerve
